INTERNATIONAL SEARCH REPORT

(PCT Article 18 and Rules 43 and 44)

Applicant's or agent's file reference 06975-228WO1	FOR FURTHER ACTION	see Notification of Transmittal of International Search Report (Form PCT/ISA/220) as well as, where applicable, item 5 below.
International application No. PCT/US02/30730	International filing date (day/month/year) 27 September 2002 (27.09.2002)	(Earliest) Priority Date (day/month/year) 27 September 2001 (27.09.2001)
Applicant AMERICA ONLINE, INC.		

This international search report has been prepared by this International Searching Authority and is transmitted to the applicant according to Article 18. A copy is being transmitted to the International Bureau.

This international search report consists of a total of 4 sheets.

It is also accompanied by a copy of each prior art document cited in this report.

1. Basis of the Report

a. With regard to the language, the international search was carried out on the basis of the international application in the language in which it was filed, unless otherwise indicated under this item.

the international search was carried out on the basis of a translation of the international application furnished to this Authority (Rule 23.1(b)).

b. With regard to any nucleotide and/or amino acid sequence disclosed in the international application, the international search was carried out on the basis of the sequence listing:

contained in the international application in written form.

filed together with the international application in computer readable form.

furnished subsequently to this Authority in written form.

furnished subsequently to this Authority in computer readable form.

the statement that the subsequently furnished written sequence listing does not go beyond the disclosure in the international application as filed has been furnished.

the statement that the information recorded in computer readable form is identical to the written sequence listing has been furnished.

2. ☐ Certain claims were found unsearchable (See Box I).

3. ☐ Unity of invention is lacking (See Box II).

4. With regard to the title,

the text is approved as submitted by the applicant.

the text has been established by this Authority to read as follows:

Box III TEXT OF THE ABSTRACT (Continuation of Item 5 of the first sheet)

The technical features mentioned in the abstract do not include a reference sign between parentheses (PCT Rule 8.1(d)).

Personalizing communications for a first communication platform (602a) includes accessing status information for communications session by a communications identity that leverage a first communication platform (602a) other than an instant messaging platform. A participant list associated with the communication identity and the first communication platform is passively configured (642) to persistently reflect a list of participant identities from communication sessions in which the communication identity recently participated using the communication platform. Personalizing communications also includes accessing status (640) information for instant messaging sessions involving an instant messaging identity and passively configuring a buddy group (642) associated with the instant messaging identity to persistently reflect a list of participant identities from instant messaging sessions in which the instant messaging identity recently participated.
